

## **DAY SCHOOL HEALTH PROTOCOLS as of 9/9/2022**

The Day School follows the guidance of the CDC and the Virginia Department of Health. Children who are displaying signs of illness – fever, stomach upsets, cough or cold symptoms, etc. - should be kept home until symptoms are resolved or resolving. Children should not return to school until 24 hours after an incidence of fever, vomiting or diarrhea.

If your child has symptoms consistent with Covid (cold, cough, upset stomach, extreme fatigue, fever) please keep your child at home and test. Home tests are acceptable.

If your child has Covid, these are the guidelines:

\*5 day isolation

\*May return to school for Days 6-10 if fever free for 24 hours and masked for days 6-10

\*May return without mask if child has 2 consecutive negative tests 48 hours apart, AFTER the 5 day isolation (i.e. days 6&8)

If your child is a close contact of someone with Covid:

\*Monitor for symptoms

\*Consider masking for 10 days after exposure

\*Consider testing on Day 5

These guidelines are how we keep our students, families and staff safe and healthy. Please notify school of the reason for any absences. We will notify classes of any incident of communicable diseases.
